

Change Request Menu: Update

- 1 The user has the option to select one set of tasks; "Update my INR", "Add Confirmations", or "Other Changes".
- 2 On selection of a category of tasks, the icon for the chosen task button becomes a green checkmark, and a subset of tasks appears beneath the main option menu.
- 3 Subset categories for "Update my INR" and "Add Confirmations" all for multiple task selection; while "Other Changes" limits the selection to one type of change.
- 4 "Grayed out" tasks are disabled and either do not pertain to this INR or have already been completed.
- 5 When a subset task has been selected, its icon changes to a green checkmark; the task category becomes locked, disabling and graying out the two non-selected categories.

Change Request Menu: Update

- 1 Selecting choices under "Update my INR" lead to one or more of the following navigation options being displayed:
 - Project General
 - Water Declaration
 - Attestations
 - Permits
- 2 Project General is the only menu item with submenus:
 - Project General
 - General Information
 - MW
 - Dates
 - Attachments
- 3 Menu Headings are displayed in blue, while submenus are slightly smaller and in black font
