- 1 Desktop View of the IE Dashboard
- 2 Current State on Mobile Screens
- 3 Implementation of a Mobile Menu and Navigation
- 4 Narrow the focus of the IE mobile dashboard to starting a new INR or viewing a current INR request. If "Start New INR Request" is chosen, the desktop flow can resume.
- 5 If focus is on viewing a current INR Request, narrow the scope to viewing the INR or changing the request. Once an option is selected, normal desktop flow can resume.
